Description

The Metripond-M93 scale manufacturer Ltd. has been at disposal of agriculture, industry and trade since 1993. Our main products are the pitless and pit-mounted electronic truck scales, the electronic warehouse platform scales and animal scales. We distribute the SELECTA Checkweighers for the food industry. For the total support of quality our firm have been producing the products and installing them according to the regulations of the ISO 9001-2008 Quality System since 2004. The Metripond-M93 Kft has developed a nationwide service and sale network in Hungary (Fehérgyarmat, Szerencs, Budapest, Pécs, Pápa, Zalaegerszeg, Dunaújváros, Mosonmagyaróvár, Békéscsaba, Hódmezővásárhely). The Metripond-M93 Ltd. is the exclusive Hungarian representative of Italian scale manufacturer company, that has a good reputation in professional circles of countries of the European Union. The Bilanciai has local representatives in several countries. Planning and production of unique and special technological scales are also part of our activity. WEIGHING => QUALITY => RELIABILITY => ECONOMY!

Offer

Scales, checkweighers for the food industry sector

We are offering scales and checkweighers in high quality for the food industry sector. We would like to become supplier of companies who produce and pack food products.
