Description

Hungary Honey Ltd. „Will your life the lecturer!” (Aristotle) Recommendation of Anna Selmeczi Queen of Honey The Hungary Honey Ltd. was founded with 20 years practice, November of 2008. The goal was the quality honey and processed product of apiary for the customer. The beginning of the 1990, we bought some new beehive. Continuously improvement, a lot of unwavering work we pick up the new technology of apiary, which help us to make product of apiary. There was not enough to win the exacting market. There was necessary to begin processing and packing the honey. In 2010, we built up by own force the processing of the honey, which is comfortable the HACCP of EU. Here we are bottling small serial number unique honey end we are making other product of apiary. Our offer of honey is unique in the country. More then 20 type of honey are made, in five packaging, so we have a wide customer. We have honey of unique, medicinal-plant and spice-plant. In 2011 we was began a new packaging with persistent improvement and we create the new product of family of Hungary Honey. Our products are exclusive in appearance, with high quality and they correspond to existing market. Zoltán TUBOLY manager Hungary Honey Ltd. 8144 Sárkeszi Petőfi út 19.
